STREET DIRECTORY
1912**

(Copyright 1912 by W A Greenough & Co)

Giving the location of each street and showing streets running from or across, with the number at intersection.

The streets of New Bedford, with few exceptions, are laid out north and south and east and west. Those running north and south number at Union street, and increase each way, with the even numbers on the east and the odd numbers on the west side. Those running east and west begin to number at the river, and increase westerly, with the even numbers on the south and the odd numbers on the north side. The letter S enclosed in parenthesis, which follows the name of any street, signifies the general bearing of such street from City Hall square. Thus School street (S) is south from City Hall square.

*Unaccepted streets.

At its southerly extremity on the river side is a large tract of land belonging to the United States at the extremity of the point is Fort Rodman. Around this point, a distance of about four miles, is a road not surpassed by any public drive in this country. It is called East and West French avenues, commencing at Cove street and follows the shore, thence along the western, southern and eastern boundaries of the point, until it terminates in the street where it has its beginning. It is eighty feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove, the bay, the river, the shores, the islands, the ledges, the lighthouses, steamers and sailing craft of every description, the city on one side, its sister town of Fairhaven on the other and the

noble bridge between, constitute a series of views which render a ride or a walk over this road most delightful and attractive. The City Farm and Almshouse is located on Clark's Point.

CLIFFORD. A settlement with a post office of the same name about three miles north of Acushnet.

DOG FISH BAR. The collection of houses near the foot of Coggeshall street is often called by this name, which designates a shoal in the river near by. A bridge crosses the river at this place for Fairhaven.

Giving the location of each street and showing streets running from or across, with the number at intersection.

The streets of New Bedford, with few exceptions, are laid out north and south and east and west. Those running north and south number at Union street, and increase each way, with the even numbers on the east and the odd numbers on the west side. Those running east and west begin to number at the river, and increase westerly, with the even numbers on the south and the odd numbers on the north side. The letter S enclosed in parenthesis, which follows the name of any street, signifies the general bearing of such street from City Hall square. Thus School street (S) is south from city Hall square.

A NEW DEPARTURE FOR THIS SCHOOL

Beginning with the fall term of 1912, this school will offer, in addition to the regular courses heretofore given, courses for students who have reached the age of fourteen years.

Half of the time of such students will be given to a continuation of their academic work and the other half to work on the machines.

The regular courses offered by the school are:

- | | |
|-------------------------------------|-------------------------------|
| I. Cotton Manufacturing. | III. Chemistry and Dyeing |
| II. Designing. | IV. Seamless Hosiery Knitting |
| V. Latch Needle Underwear Knitting, | |

Mechanics and Shop Practice given in all courses.

(See other side)

New Bedford Textile School

Students must be sixteen years old to enter the regular courses or must have spent one year in the preliminary course.

The latest addition to the school, occupied in the fall term of 1911, is 108 ft. by 112 ft., three stories, and a deep basement.

With the completion and equipment of this building, the school is able to offer to young men entering the **COTTON TEXTILE INDUSTRY** unsurpassed facilities for acquiring a thorough knowledge of the business.

New Bedford is the largest manufacturing center of fine cotton goods and the fastest growing mill city in this country.

Tuition free for students living in New Bedford.

STEAM JOB PRINTING ROOMS

MANY new names appear in this directory each year. They are borne by men who have come from other towns and cities in the United States, England and Canada.

About the first thing that happens after these new residents of New Bedford get the furniture in and something to eat, is to order a newspaper to be delivered at their homes.

“What is the best newspaper here?”
the new resident asks the old resident.

“THE TIMES”

Is the reply

And that’s why

THE TIMES CONTINUES TO GROW

The estimate of the paper that is heard
with increasing frequency is

“A CLEAN DAILY THAT IS FIT TO GO INTO MY HOME”
